

# You solve problems. So do we.

[See yourself here.](#)

At Goldman Sachs, we believe who you are makes you better at what you do. We seek out people with all types of skills, interests and experiences. So whether you've been trading penny stocks since the eighth grade or have never imagined a career in finance, there's a place for you here.

For us, it's all about bringing together people who are curious, collaborative and have the drive to make things possible for our clients and communities.

We are hosting a series of workshops from March to July for women who are keen to explore a career with us. The sessions are designed to prepare you for your internship/graduate job search and give you an insight into Goldman Sachs and the people who work here. We will also be running customized workshops for students interested in Engineering (Technology and Strats).

We encourage you to register for all 3 sessions. The events will be held at the Goldman Sachs Beijing/ Shanghai office and selected students will receive a separate email with confirmed event details. If you do not qualify for this particular event, please visit our [website](#) to learn more about the events we are hosting.
